All:

The link above will take you to the GKM Site with the Draft Action Memo. There are yellow highlights that certainly need to be reviewed but it also needs to be review to make sure it is accurate. It will also need some formatting.

Also, we would like the editing to be done in “Edit in Word Online”. If it becomes a problem then we can change it. Apparently the difference is that multiple people can work on it at the same time with “Edit in Word Online” while in “Edit in Word” only one person at a time can edit.

My understanding is that you go to “Edit Document” then to “Edit in Word Online”.

There are some other documents listed on the page that Tito sent to Susan. I have also placed the GKM Assessment Polrep that give a lot of information and all has been incorporated into the Action Memo.

Thanks,
